**Muo Gabriel Paul**
**P.O. Box 230, 80108, Kilifi, Kenya**
**Mobile: +254769567826, +254792891191**
**Email: muogabriel12@gmail.com**

## RESEARCH EXPERIENCE

**Jan 2025- Oct 2025**

Appointment: **Post-graduate Diploma Research Fellow**
Host: The KEMRI-Wellcome Trust Research Programme,
P.O. Box 230, Kilifi, Kenya
Sponsor: Initiative to Develop African Research Leaders (IDeAL)

**Projects**

A review of biomarkers of environmental enteric dysfunction in low- and middle-income countries

**Duties and Responsibilities**

- Conducting a literature review through reading and summarising papers on environmental enteric dysfunction (EED)
- Formulating search strategies and search terms on my research question for PubMed, Google Scholar, and Web of Science databases
- Conducting systematic review using Covidence and data visualisation using R softwares
- Scientific writing, including proposal development and report writing
- Communication and presentation of research findings in journal clubs, seminars and conferences

***Laboratory skills:*** Microbiology (general diagnostics, Pneumococcal and RSV investigations), molecular biology (Recombinant protein expression, DNA/RNA extraction and cDNA synthesis, western blotting, SDS-PAGE and PCR), serology, haematology, HIV, immunology and proteomics. Participation in journal clubs, seminars and scientific presentations.

## OTHER RELEVANT PROFESSIONAL EXPERIENCES

**Nov 2025- Present**

Appointment: **Medical Laboratory In-Charge**
Employer: Pharmlex Medical Centre, P.O. Box 1005, Kiritiri, Embu, Kenya

**Duties and Responsibilities**

- Implementing and monitoring Quality Management Systems (QMS)
- Reviewing Standard Operating Procedures (SOPs)
- Overseeing daily workflow to ensure turnaround time (TAT) targets are met Ensuring cost-effective laboratory services delivery
- Coordinating and collaborating with other hospital laboratories for External Quality Assurance (EQA) testing
- Ensuring proper recording, backup, and security of laboratory data to ensure privacy and confidentiality of patients
- Managing sample referrals and testing with other hospitals and standalone laboratories
- Oversee hospital infection prevention and control strategies
- Coordinating sample collection, processing, analysis, and reporting
- Managing reagents, consumables, and stock forecasting
- Ensure hospital workers adhere to waste management protocols
- Lead and sensitise on antimicrobial resistance, and responsible use/ prescription of antimicrobials

**Nov 2023- Dec 2024**

Appointment: **Medical Laboratory Technologist**
Employer: Mother Teresa Rodon Health Centre, P.O. Box 5605, Nyayo Stadium, Nairobi, Kenya

**Duties and Responsibilities**

- Preparation of standard operating procedures (SOPs) and bench aids
- Management of laboratory supplies: inventory management and making orders of laboratory consumables
- Drafting, editing, and submitting laboratory monthly reports to the Ministry of Health (MoH)- Kenya
- Conducting and supporting laboratory quality controls and quality assurance
- Coordinating with the clinician, nursing officer, and the pharmacist to ensure quality in patient care and management
- Conducting all facility-based laboratory tests

**Feb 2023- May 2023**

Appointment: **Medical Laboratory Intern**
Employer: Migori County Referral Hospital, P.O. Box 202- 40400, Migori, Kenya

**Duties and Responsibilities**

- Perform various laboratory tests with instructions from laboratory staff
- Participate in laboratory meetings and discussions and prepare PowerPoint presentations for internal training
- Maintain laboratory equipment with the help of a staff member
- Collect and dispatch samples to the various laboratory benches for analysis
- Clean and decontaminate laboratory equipment and benches
- Conduct blood donation phlebotomy and prepare blood components under supervision

## EDUCATION

**Jan 2025- Oct 2025**

**Postgraduate Diploma in Health Research Methods**
Pwani University and KEMRI-Wellcome Trust Research Programme
Thesis: A review of biomarkers of environmental enteric dysfunction in low- and middle-income countries
**Obtained: Distinction**
Supervisors: Dr. James Njunge and Mr. Evans Mudibo

**Jan 2018- Dec 2022**

**Bachelor of Science in Medical Laboratory Sciences**
Moi University
Thesis: Prevalence of superficial fungal infections among primary school children in Eldoret Municipality
**Grading: Second Class Honours, Upper Division**
Supervisors: Dr. Andrew Obala and Ms. Gladys Langat

**Feb 2012- Nov 2015**

**Kenya Certificate of Secondary Education (KCSE)**
Maseno School
Grade: A- (Minus)

## PUBLICATIONS

A review of biomarkers of environmental enteric dysfunction in low- and middle-income countries (unpublished, in preparation)- first author

## TRAINING AND CONFERENCES

- Introduction to Big Data with PySpark Course by Codecademy (*12th – 16th March 2026*)
- Introduction to Command Line Course by Codecademy (*12th March 2026*)
- Introduction to PyTorch and Neural Networks Course by Codecademy (*9th- 12th March 2026*)
- AI in Health Insurance by AMREF Health Africa (*20th February 2026*)
- 2-Day Training on Cancer Genomics: Tools, Databases, and Real-world Analysis by Helix Biogen Institute (*12th -13th December 2025*)
- Digital Object Identifier (DOI) Creation training by APHRC (*7th October 2025*)
- KEMRI-Wellcome Trust Biannual Biosciences Department Symposium (*13th-14th May 2025*)- oral presenter
- Effective Communication for Healthy Outcomes by YALI Network (*20th January 2024*)
- Why Data Rights Matter by CALP Network (*29th December 2023*)
- Introduction to Proposal and Report Writing by Save the Children (*20th December 2023*)
- Introduction to Microsoft Excel by Coursera (*15th December 2023*)
- Introduction to Sampling for Quantitative Surveys (*13th December 2023*)
- Online Biosafety and Biosecurity Annual Refresher Training by the Ministry of Health (*November 2023*)
- Basics of Mendeley for Citation and Referencing by The Eastern Mediterranean Public Health Network (*November 2023*)
- Inequality Analysis using R: Disaggregated Data from Surveys by WHO MOOC (*September 2023*)
- Scientific Writing in Health Research by ICMR-National Institute of Epidemiology (*September 2023*)
- Introduction to Bioinformatics 2023 by H3ABioNet (*April 2023- August 2023*)
- Social entrepreneurship training and bootcamp competition by Boehringer Ingelheim (*April-September 2021*)

## AWARDS

1. Post Graduate Diploma Fellowship by Initiative to Develop Africa Research Leaders (*2025*)

## REFEREES
